#### **Personal Statement**

For the past few years I have been operating as both a commercial contractor, and as a freelance web developer undertaking projects for various small businesses in the UK.

I also have a range of legacy skills, gained over many years and with a number of large, high-profile companies.

I am currently seeking a web developer position, anywhere in the UK or Europe.

## Employment/Contract History

**Jan – Apr 2012**      CONTRACT      **eValue FE**      *Newbury, Berkshire*  
Front end web developer role working on a mixture of new development and maintenance. XHTML, CSS, JQuery, AJAX, Javascript.

**Oct – Jan 2012**      CONTRACT      **BUPA International**      *Brighton, East Sussex*  
Front end web developer, Agile/SCRUM environment. Main responsibilities included enhancements to the 'Provider World' membership-enquiry site using XHTML/CSS/ Javascript/JQuery/HMTL5/CSS3, working alongside Java & .NET developers in a weekly sprint cycle. The source code control/backlog control tool used was TFS.

**Aug – Oct 2011**      CONTRACT      **ING Direct**      *Reading, Berkshire*  
Front end web developer, assisting in site enhancement. Coding XHTML, CSS, Classic ASP, Javascript/JQuery, HTML5 and CSS3 & Star Team code repository.

**Jan – Apr 2011**      CONTRACT      **TNT Express**      *Hinckley, Leicestershire*  
Front end web developer, working within a Java Spring framework. Working in an Agile environment, daily activities include complex JQuery, Javascript, DOM, XHTML and CSS to build the UI, using *Subversion* for source code control and JIRA for defect tracking, whilst adhering to W3C standards. Also used: Apache Tomcat, Maven, JSP, AJAX, exposure to HTML5 & CSS3.

**Jul – Nov 2010**      PERMANENT      **H Tempest Ltd**      *St. Ives, Cornwall*  
Web developer using Javascript/XHTML/DHTML/DOM/AJAX and JQuery along with Classic ASP integrated with ASP.NET, PHP, MS SQL Server, MySQL, MS Visual Studio & *Subversion* software. All coding in line with W3C guidelines.

### **Miscellaneous freelance web development work.**

I have created a variety of smaller websites over the past few years as a result of my freelance web design business, AJB Web Design – please see my website at <http://www.ajbweb.co.uk> for my online portfolio.

### **Previous positions – legacy skills**

The positions below were mainframe/mid-range applications development roles, not associated with web development.

**2002 – 2008**    *Permanent*      **Vertex Financial Services Ltd.**

*Applications developer/systems analyst.* Working on VAX BASIC systems, DCL, RMS, POWERHOUSE. The focus of this position was on maintaining the back-end quote engine software used to generate comparison insurance quotes.

**2001**            *Contract*      **Dalgety Agriculture Ltd**

*Applications developer.* Contracted to code and test a new standalone system, using VAX COBOL, DCL, RMS.

**1999 – 2001**    *Permanent*      **Axa Sun Life**

*Pensions applications developer.* I worked on Pensions and occasionally Life Assurance systems, TANDEM, TAFL, FUP.

**1999**            *Permanent*      **Brann International**

*VAX COBOL Programmer.* The job mostly entailed creation of bespoke marketing campaign software.

**1989 – 1999**    *Permanent*      **Dalgety Agriculture Ltd.**

*VAX COBOL Programmer/Analyst.* Worked on a large variety of manufacturing and trading systems, year 2000 conversions, VAX/VMS to Alpha OpenVMS conversion, creation of DCL scripts on a regular basis. COBOL, VMS, POWERHOUSE, RMS, DCL.
